Mother

From you I began, the start of all that I am.
With you I took my first steps, to you I
expressed my first desires.
Because of you I know right from wrong and why they
are so. You showed me how to laugh and explained why
we cry.

All of this with love unconditional.

And when it came time for me to
spread my wings, you let me go with tears
of happiness and fear,
but with words of love.

For this I will always be thankful, for it is
because of you
that I have become who I am, and
from you I began.
